**CROP OIL CONCENTRATE**

**ACTIVE INGREDIENTS:**
- Mineral Oil .......................................................... 85.00%
- Polyoxylated Polyglycerol Ester and Polyglycerol Ester Ether .............................. 15.00%
- Total ................................................................. 100.00%

Surfactant Content ................................. 15.00%
Unsulfonated Oil Residue (UR) Value ............. 95.00% minimum

**ALL ingredients are accepted for use under CFR 40, 180.**

**KEEP OUT OF REACH OF CHILDREN**

**WARNING**

**CROP OIL CONCENTRATE**

**HAZARDS TO HUMANS & DOMESTIC ANIMALS**

**BEFORE USING THIS PRODUCT, READ ALL PRECAUTIONS, DIRECTIONS FOR USE, CONDITIONS OF SALE – LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES.**

**CAUTION:**

**Consumer Limitations of Liability:**

This product is sold “as is” and “in presentable condition.” The manufacturer makes no warranty, express or implied, of any kind, with respect to this product. No representations are made as to fitness for any special purpose.

**NOTICE:**

**Release of Liability:**

Any liability, expressed or implied, for loss or damage caused by the use of this product will be the sole responsibility of the user, and the manufacturer will not be held liable for any harm or damage caused by the use of this product. The manufacturer disclaims any liability for any injury to persons or damage to property caused by the use of this product. The user agrees to indemnify and hold harmless the manufacturer from any liability arising out of the use of this product.

**PRECAUTIONARY STATEMENTS**

**FIRST AID**

**IF IN EYES:**
- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

**IF ON SKIN:**
- Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**IF SWALLOWED:**
- Do not give any liquid to the person. Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**NOTE TO PHYSICIAN:** Petroleum distillate may pose an aspiration pneumonia hazard.

**STOP CONTAMINATED CLOTHING:**

If contact is made with a spray solution containing pesticides, follow the “Statement of Practical Treatment/First Aid” on the pesticide label(s).

**GENERAL INFORMATION**

**FOR USE WITH PRODUCTS REGISTERED FOR: AGRICULTURAL, FORESTRY, INDUSTRIAL, MUNICIPAL, NON-CROPLAND, ORNAMENTAL, RIGHTS-OF-WAY, AND TURF.**

The addition of an ingredient to some pesticides or pesticide tank mix combinations may cause phytotoxicity to the foliage and/or fruit of susceptible crops. Prior to the addition of CROP OIL CONCENTRATE to spray tank mixes or prior to the use of CROP OIL CONCENTRATE with a pesticide or fertilizer where an oil concentrate adjutant is not specifically recommended but prohibited by the manufacturer, the user or application advisor must have experience with the combination or must have conducted a phytotoxicity trial.

**CROP OIL CONCENTRATE** can be applied by Ground, CDA, Aerial or Aquatic spray equipment. In most cases, use enough spray volume, pressure, droplet size, spray mixture and environmental factors. Consequently, it is recommended that careful observations of the spray deposit be made and adjuvant concentrations be adjusted accordingly.

Do not apply this product in such a manner as to directly or through drift expose workers or other persons. Do not spray pesticides if conditions of thermal inversion exist, or if wind direction and speed may cause drift onto adjacent areas. With both aerial and ground applications, the use of a drift control or spray deposition additive (in accordance with pesticide label directions) may reduce the potential for drift to occur. Drift minimization is the responsibility of the applicator. Consult your local and state agricultural authorities for information regarding avoiding or minimizing spray drift.

**MIXING**

Prior to any pesticide application all spray mixing and application equipment must be cleaned. Carefully observe all cleaning directions on the pesticide label. Fill spray tank one-half full with water and begin agitation. Add pesticides and/or fertilizers as directed by labeling or in the following sequence:

1. Dry flowables or water dispersible granules
2. Wettable powders
3. Flowables
4. Solutions
5. Emulsifiable concentrates and continue filling. Add CROP OIL CONCENTRATE last and continue agitation.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage and disposal.

**STORAGE:**

Store in original container only. Keep container tightly closed. Do not allow water to be introduced into the contents of this container.

Do not contaminate water sources by runoff from cleaning of equipment, disposal of equipment washwaters or spray waste. Do not store near heat or open flame. Do not store with oxidizing agents or ammonium nitrate.

**PESTICIDE DISPOSAL:**

Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL**

**NON-REFILLABLE CONTAINER DISPOSAL:**

Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading and add rinsate to spray tank. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrcycle.org.

Decontaminated containers may also be disposed of in a sanitary landfill. For help in chemical emergencies involving spill, leak, fire or explosion, call toll free 1-800-424-9300.

**REFILLABLE CONTAINER:**

Refill this container with adjutants only. Do not reuse this container for any other purpose. Cleaning the container before final disposal is the responsibility of the person disposing of the container. Cleaning before refilling is the responsibility of the refiller. To clean the container before final disposal, empty the remaining contents from the container into application equipment or rinsate tank. Fill the container about 10 percent full with water. Agitate vigorously or recirculate water with the pump for 2 minutes. Pour or pump rinsate into application equipment or rinsate collection system. Repeat this rinsing procedure two more times. If the container is not being refilled, return the container to the point of purchase.

**DISPOSAL OFkke**

**NON-REFILLABLE CONTAINER DISPOSAL:**

Read the Conditions of Sale – Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded.

The directions on this label are believed to be reliable and must be followed carefully. Insufficient control of pests and/or injury to the crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of Helena Chemical Company (the “Company”) or seller. In addition, failure to follow label directions may cause injury to crops, animals, man or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law.

The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Helena Chemical Company’s election, one of the following:

1. Refund of the purchase price paid by buyer or user for product bought, or
2. Replacement of the product used

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company and the seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
