- **Removes Pesticide Stains**
- **Fortified with Skin Conditioners**
- **Biodegradable**
- **No Strong Solvents**
- **Contains No Abrasives**

KEEP OUT OF REACH OF CHILDREN.

CAUTION

MAY CAUSE EYE IRRITATION.

CORNBELT HAND CLEANER is a powerful, yet gentle waterless hand cleaner. CORNBELT HAND CLEANER will remove chemical stains as well as oil, tar, paint, adhesives, carbon, creosote, grease, and other contaminants. CORNBELT HAND CLEANER may be used on human skin, washable clothing and leathers.

CORNBELT HAND CLEANER is particularly effective in removing the stains of pesticides, such as pendimethalin (Prowl®), trifluralin (Treflan®), and others. It will also remove seed dyes and other troublesome stains and contaminants.

CORNBELT HAND CLEANER may be used in fertilizer plants, farms, foundries, processing plants, auto repair and service stations, maintenance departments, print shops, etc.

HOW TO USE CORNBELT HAND CLEANER

Apply directly to hands and gently rub until liquified. Wipe clean with towel, or wash off with water. Contains skin conditioners.
