

CORNBELT TANK AND EQUIPMENT CLEANER

**For Agricultural Tanks and Equipment
Commercial and Industrial Use Only**

CORNBELT TANK AND EQUIPMENT CLEANER is designed for cleaning tanks, lines and nozzles to remove residues left from pesticides, herbicides and fertilizer. CORNBELT TANK AND EQUIPMENT CLEANER also removes light rust and dissolves deposit buildups while leaving a protective film that helps prevent corrosion.

**CAUTION
KEEP OUT OF REACH OF CHILDREN
DO NOT TAKE INTERNALLY**

CONTAINS: Complex Phosphates, Sodium Silicate, Sodium Hydroxide, Sodium Carbonate, Monocyclic Terpenes and Nonionic Surfactant.

PRECAUTIONARY STATEMENTS

Irritating to the eyes upon direct contact. Prolonged skin contact may cause irritation. Harmful if swallowed. In case of eye contact, flush with water for 15 minutes. If swallowed, dilute by drinking 2 large glasses of water and consult a physician.

DIRECTIONS FOR USE

For Tanks or Sprayers Equipped with Hand Gun or Hose: Add 1 pound of CORNBELT TANK AND EQUIPMENT CLEANER to 100 gallons of water. Close valve to spray boom, open bypass valve and agitate vigorously for 10 - 15 minutes. Use hand gun or hose to cleanse inside of tank. Open spray boom to flush tank cleaner and water solution out of tank. For sprayers being reused immediately, refill tank with 100 gallons of water, close hand gun valve and empty sprayer through boom nozzles. For sprayers being stored, do not rinse after treatment. CORNBELT TANK AND EQUIPMENT CLEANER leaves a protective film to prevent corrosion.

For Tanks or Sprayers Not Equipped with Hand Gun or Hose: Fill tank with water and add 1 pound of CORNBELT TANK AND EQUIPMENT CLEANER per 100 gallons of water. Then follow above instructions.

IMPORTANT: For best results, fill tank with 1 pound CORNBELT TANK AND EQUIPMENT CLEANER per 400 gallons of water, agitate and circulate throughout entire spray system, let stand 3 to 4 hours. Drain and rinse entire system thoroughly.

For Small Sprayers: Use 1 teaspoon per 1 gallon of water. Agitate vigorously, rinse with water, then repeat procedure once again before reuse.

For Cleaning Fertilizer Equipment: Flush equipment with water. Mix 1 pound of CORNBELT TANK AND EQUIPMENT CLEANER in 50 gallons of water and spray all parts that have been in contact with fertilizer with tank cleaner and water solution. Always flush with water before reuse.

SPECIAL PRECAUTIONS AFTER USE OF PRODUCTS CONTAINING 2,4-D

Corners, cracks, hoses, seals, etc. tend to retain these materials and require special attention. After flushing with CORNBELT TANK AND EQUIPMENT CLEANER, rinse with water as directed, and retain a sample of the rinse water. Apply this sample to a susceptible plant, such as an ornamental, tomato, or vine. Observe after several hours (preferably 24 to 48 hours, depending on weather conditions). If wilting occurs, repeat cleaning process as recommended above.

**ALWAYS FOLLOW ALL STATE, FEDERAL AND LOCAL LAWS
CONCERNING THE DISPOSAL OF RINSATES.**

NOTICE - READ CAREFULLY

Conditions of Sale: Van Diest Supply Co. (and Seller) offer(s) this product for sale subject to and buyer and all users are deemed to have accepted the following conditions of sale and warranty which may only be varied by written agreement of a duly authorized representative of Van Diest Supply Co.

Warranty Limitations: Van Diest Supply Co. warrants that this product conforms to the chemical description of the label and is reasonably fit for the purposes referred to in the use directions on the label subject to the inherent risks referred to below.
