

FIFRA Section 24(c) Special Local Need Label

CLETHODIM GROUP **1** HERBICIDE

FOR DISTRIBUTION AND USE ONLY IN THE STATE OF OREGON

EPA Reg. No. 59639-132
EPA SLN NO. OR-100016

FOR GRASS WEED CONTROL IN COMMON AND HAIRY VETCH GROWN FOR SEED ONLY

This label for *Select Max*® Herbicide is valid until December 31, 2030, or until otherwise amended, withdrawn, canceled, or suspended.

Active Ingredient	By Wt.
**Clethodim	12.6%
Other Ingredients	87.4%
Total	100.0%

** (5RS)-2-[(1EZ)-N-[[(2E)-3-chloroallyl]oxy]propanimidoyl]-5-[(2RS)-2-(ethylthio)propyl]-3-hydroxycyclohex-2-en-1-one
Contains Petroleum Distillates Select Max® Herbicide with Inside Technology™ is an emulsifiable concentrate containing 0.97 lb clethodim active ingredient per gallon.

KEEP OUT OF REACH OF CHILDREN CAUTION

ENVIRONMENTAL HAZARDS:

Follow all applicable directions, restrictions, and precautions in the Environmental Hazards section of the label affixed to the main container of Select MAX Herbicide with Inside Technology.

NON-TARGET ORGANISM ADVISORY:

This product is toxic to plants and may adversely impact the forage and habitat of non-target organisms, including pollinators, in areas adjacent to the treated area. Protect the forage and habitat of non-target organisms by following label directions intended to minimize spray drift.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This FIFRA Section 24(c) SLN label and the product container label for *Select Max*® Herbicide must be in the possession of the user at the time of mixing and application.

Read the master label affixed to the container for *Select Max*® Herbicide before applying. The use of *Select Max*® Herbicide according to this labeling is subject to the use precautions and limitations imposed by the label affixed to the container for *Select Max*® Herbicide. All applicable directions, restrictions, Worker Protection Standard requirements, and precautions on the master EPA registered label and on this SLN label must be followed. Always read and follow all label directions when using any pesticide alone or in tank mix combinations.

APPLICATION INFORMATION FOR COMMON AND HAIRY VETCH GROWN FOR SEED

Select Max® Herbicide is a selective postemergence herbicide for control of annual and perennial grasses. *Select Max*® Herbicide does not control sedges or broadleaf weeds.

Use of sufficient spray volumes and pressure is essential to ensure complete coverage.

Ground Application

Use a minimum of 5 gal and a maximum of 40 gal of spray solution per acre. Spray pressures must reflect a minimum of 30 psi and a maximum of 60 psi at the nozzle. Do not use flood nozzles.

Aerial Application

Use a minimum of 3 gal of spray solution per acre. Increase spray volumes up to 10 gal as grass or crop foliage becomes dense.

Crop	Annual and Perennial Grass Use Rate Per Acre	Adjuvant Recommendation ⁽¹⁾	Weed Control Recommendation
Vetch Grown for Seed, Common and Hairy	12 – 16 fl oz (0.091 to 0.121 lb ai)	Non-ionic surfactant at 0.25% v/v by ground or air.	For spring post-emergence application to actively growing annual grass weeds. (See <i>Select Max</i> ® Herbicide label for grass height recommendations.) Restrictions <ul style="list-style-type: none">• Do not apply more than 16 fl oz/A (0.121 lb ai/A) per application• Do not apply more than 32 fl oz/A (0.242 lb ai/A) per year• DO NOT make more than 2 applications per acre per year.• For repeat applications, make on a minimum of a 14-day interval.

⁽¹⁾ Non-ionic surfactant (NIS) in this case refers to an adjuvant containing at least 80% non-ionic surfactant.

Additional restrictions:

- Do not apply this product through any type of irrigation system.
- Do not apply if rain is expected within 1 hour of application, as control may be unsatisfactory.
- Do not plant rotational crops until 30 days after application of *Select Max*® Herbicide unless crop is listed on *Select Max*® Herbicide label.
- Do not apply a postemergence broadleaf herbicide within one day following application of *Select Max*® Herbicide or reduced grass control may result.
- Do not apply under conditions of stress. Applying *Select Max*® Herbicide under conditions that do not promote active grass growth will reduce herbicide effectiveness. These conditions include drought, excessive water, extremes in temperature, low humidity and grasses either partially controlled or stunted from prior pesticide applications. Grasses under these kinds of stressful conditions will not absorb and translocate *Select Max*® Herbicide effectively, and will be less susceptible to herbicide activity.

Special Crop Use Restrictions

The pesticide applicator, the producer of the crop, and the seed conditioner must be aware that use of this product according to this labeling is deemed a non-feed/non-food use by the Oregon Department of Agriculture, and is regulated by Oregon Administrative Rule (OAR) 603-057-0535, Pesticide Use on Crops Grown For Seed. If the applicator of this pesticide is not the producer, the applicator must provide a copy of this labeling to the producer of the crop. Producers of this crop who use this product, or cause the product to be used on a field they operate, must provide a copy of this pesticide label to the seed conditioner.

This pesticide does not have an established pesticide residue tolerance for this crop. Consequently, no portion of this seed crop may be used or distributed for food or feed for 1 year (365 days) after the last application of this product. This restriction pertains to, but is not limited to: green chop, forage, hay, pellets, meal, whole seed, cracked seed, straw, roots, bulbs, foliage or seed screenings, and to the grazing of the crop field, stubble or regrowth. All seed screenings shall be disposed of in such a manner that the screenings cannot be distributed or used for food or feed purposes, as indicated in OAR 603-057-0535. Additional regulations concerning seed screenings are stated in OAR 603-057-0535.

Any seed from a field treated with this pesticide product shall bear specific and conspicuous container labeling, or if shipped in bulk, on the shipment invoice or bill of lading. The labeling shall contain the following statement:

“This seed was produced using one or more products for which the United States Environmental Protection Agency has not established pesticide residue tolerances. This seed, in whole, as sprouts, or in any form, may not be used

for human consumption or animal feed. Failure to comply with this condition may violate Requirements of the Federal Food and Drug Administration, the Oregon Department of Agriculture and other regulatory agencies.”

**DISCLAIMER, RISKS OF USING THIS PRODUCT,
LIMITED WARRANTY
AND LIMITATION OF LIABILITY**

IMPORTANT: Read the entire Label including this Disclaimer, Risks of Using this Product, Limited Warranty, and Limitation of Liability before using this product. If the terms are not acceptable THEN DO NOT USE THE PRODUCT; rather, return the unopened product within 15 days of purchase for a refund of the purchase price.

RISKS OF USING THE PRODUCT

The Buyer and User (referred to collectively herein as “Buyer”) of this product should be aware that there are inherent unintended risks associated with the use of this product which are impossible to eliminate. These risks include, but are not limited to, injury to plants and crops to which this product is applied, lack of control of the target pests or weeds, resistance of the target pest or weeds to this product, injury caused by drift, and injury to rotational crops caused by carryover in the soil. Such risks of crop injury, non-performance, resistance of other unintended consequences are unavoidable and my result because of such factors as weather, soil conditions, disease, moisture conditions, irrigation practices, condition of the crop at the time of application presence of other materials either applied in the tank mix with this product of prior to application of this product, cultural practices or the manner of use or application, (or a combination of such factors) all of which are factors beyond the control of Valent. The Buyer should be aware that these inherent unintended risks may reduce the harvested yield of the crop in all or a portion of the treated acreage, or otherwise affect the crop such that additional care, treatment and expense are required to take the crop to harvest. If the Buyer chooses not to accept these risks, THEN THIS PRODUCT SHOULD NOT BE APPLIED. By applying this product Buyer acknowledges and accepts these inherent unintended risks AND TO THE FULLEST EXTENT ALLOWED BY LAW AGREES THAT ALL SUCH RISKS ASSOCIATED WITH THE APPLICATION AND USE ARE ASSUMED BY THE BUYER.

Valent shall not be responsible for losses or damages (including, but not limited to, loss of yield, increased expenses of farming the crop or such incidental, consequential or special damages that may be claimed) resulting from use of this product in any manner not set forth on the label. Buyer assumes all risks associated with the use of this product in any manner or under conditions not specifically directed or approved on the label.

LIMITED WARRANTY

Valent warrants only that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the label, under average use conditions, when used strictly in accordance with the label **and subject to the Risks of Using This Product as described above. To the extent consistent with applicable law AND AS SET FORTH ABOVE, VALENT MAKES NO OTHER WARRANTIES, EITHER EXPRESSED OR IMPLIED.** No agent or representative of Valent or Seller is authorized to make or create any other express or implied warranty.

LIMITATION OF LIABILITY

To the fullest extent allowed by law Valent or Seller is not liable for any incidental, consequential, indirect or special damages resulting from the use or handling of this product. The limitation includes, but is not limited to, loss of yield on all or any portion of the treated acreage, increased care, treatment of other expenses required to take the crop to harvest, increased finance charges or altered finance ratings, emotional or metal distress and/or exemplary damages. TO THE FULLEST EXTENT ALLOWED BY LAW THE EXCLUSIVE REMEDY OF THE BUYER, AND THE EXCLUSIVE MAXIMUM LIABILITY OF VALENT OR SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT SHALL BE THE RETURN OF THE PURCHASE PRICE OF THIS PRODUCT OR, AT THE ELECTION OF VALENT OR SELLER, THE REPLACEMENT OF THE PRODUCT.

PROMPT NOTICE OF CLAIM

To the extent consistent with applicable law allowing such requirements Valent must be provided notice as soon as Buyer has reason to believe it may have a claim, but in no event later than twenty-one days from date of planting, or twenty-one days from the date of application, whichever is latter, so that an immediate of the affected property and growing crops can be made.

To the extent consistent with applicable law if Buyer does not notify Valent of any claims, is such period, it shall be barred from obtaining any remedy.

NO AMENDMENTS

Valent and Seller offer this product, and Buyer accepts it, subject to the foregoing **Disclaimer, Risks of Using This Product, Limited Warranty and Limitation of Liability**, which may not be modified by any oral or written agreement.
