### PRECAUTIONARY STATEMENTS

**WARNING:** Harmful if swallowed or absorbed through skin. Causes eye irritation. Avoid contact with skin, eyes, and clothing. Avoid inhalation of spray mist. Wash thoroughly with soap and water after handling. Read and follow all precautionary statements on the accompanying pesticide label(s).

#### FIRST AID

**If swallowed:** Call a doctor or get medical attention. Do not induce vomiting. Do not give anything by mouth to an unconscious person. Avoid alcohol.

**If on skin:** Remove contaminated clothing. Wash affected area with plenty of soap and water. Get medical attention if irritation persists.

**If inhaled:** Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth.

**If in eyes:** Flush eyes with plenty of water. Call a physician if irritation persists.

#### USE PRECAUTIONS

The addition of an adjuvant to some pesticides may increase the risk of phytotoxicity to certain susceptible crops, especially during periods of high humidity or other circumstances which may increase the activity of spray solutions. Care should be exercised when using on new varieties or crops not previously treated with Cornbelt® Trophy Gold™.

#### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

**Storage:** Keep this container tightly closed. Store above 40 degrees F - Do Not Freeze. Store in original container. Do not allow water or other chemicals to be introduced into contents of container. Do not contaminate water sources with equipment washwater, spray disposal wastes or by cleaning of equipment. Do not store near feed or food products. Do not use or store near open flame.

In the event of a major spill, fire or other emergency, call CHEMTREC at (800) 424-9300.

**Disposal:** Triple rinse container and pour rinsate into spray tank. Do not reuse container. Offer triple-rinsed container for recycling, or puncture & dispose of in a sanitary landfill or by other procedures approved by appropriate authorities. Dispose of contents/container in accordance with local/national/international regulations.

#### GENERAL INFORMATION

Cornbelt® Trophy Gold™ is a premium high concentrate 95% active low-foaming replacement for crop oil concentrates and modified seed oil concentrates. Cornbelt® Trophy Gold™ is a unique, patented surfactant which improves the deposition and penetration of active ingredients into the target plant. Cornbelt® Trophy Gold™ contains free fatty acids to improve rain fastness and wash-off resistance.

Cornbelt® Trophy Gold™ is designed for use with herbicides, fungicides, insecticides, defoliants, desiccants, plant growth regulators, and any other crop protection product where an oil concentrate or a nonionic surfactant is required or recommended. An integrated antifoaming system helps minimize foam in the spray tank.

The efficacy of Cornbelt® Trophy Gold™ and the effects of the spray application may be affected by various environmental factors and the condition and operation of the sprayer. Periodic calibration of spray equipment and visual inspection of the spray application may necessitate an adjustment of the adjuvant rate. When used according to the Directions for Use, Cornbelt® Trophy Gold™ is compatible with most pesticides and fertilizers.

#### DIRECTIONS FOR USE

Cornbelt® Trophy Gold™ is intended for use with products registered for agricultural, horticultural, turf, ornamental, industrial, aquatic and non-crop uses.

**WARNING:** Read and follow all pesticide label directions. Do not use where the pesticide label specifically prohibits the use of an adjuvant. If the pesticide label neither recommends nor prohibits an adjuvant, the applicator must have previous experience with the adjuvant/pesticide spray mixture or should apply a small test area before making large scale applications.

**Ground Application:** For pesticides where an oil concentrate is recommended: 1 quart per 100 gallons of spray solution.

**Air Application:** For pesticides where an oil concentrate is recommended: 6 ounces per acre. Refer to pesticide label for minimum water volume per acre.

**Aquatic Application:** For pesticides where an oil concentrate is recommended: 2-4 pints per 100 gallons of spray solution.

**MIXING:** Add Cornbelt® Trophy Gold™ to the spray mix last and continue agitation.

#### CONDITIONS OF SALE AND WARRANTY

The directions for use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of Van Diest Supply Co. or the Seller. All such risks shall be assumed by the Buyer.

Van Diest Supply Co. warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use, subject to the inherent risks referred to above. VAN DIEST SUPPLY CO. MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY OR ANY OTHER EXPRESS OR IMPLIED WARRANTY. IN NO CASE SHALL VAN DIEST SUPPLY CO. OR THE SELLER BE LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. Van Diest Supply Co. and the seller offer this product, and the Buyer and the User accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by agreement in writing signed by a duly authorized representative of Van Diest Supply Co.

CORNBELT®, and CORNBELT® Logo are Registered Trademarks of Van Diest Supply Co.
