**DUPONT™ HARMONY® SG  
HERBICIDE  
(with TotalSol® soluble granules)  
PRE-PLANT OR AT-PLANTING  
BURNDOWN**

## **DUPONT™ HARMONY® SG HERBICIDE (with TotalSol® soluble granules)**

EPA Reg. No. 352-633

### **PRE-PLANT OR AT-PLANTING BURNDOWN IN COTTON, FIELD CORN, RICE, GRAIN SORGHUM, AND SOYBEANS**

DuPont™ HARMONY® SG Herbicide (with TotalSol® soluble granules) may be applied for burndown of emerged weeds before planting, or at planting, of cotton, field corn, rice, grain sorghum and soybeans.

#### **DIRECTIONS FOR USE**

HARMONY® SG may be used as part of a pre-plant or at-planting burndown treatment, in combination with other suitable registered herbicides.

Read and follow all manufacturers label instructions for the companion herbicide. If those instructions conflict with this label, do not tank mix the herbicide with HARMONY® SG. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

In fields to be planted to cotton, apply HARMONY® SG at 0.3 to 0.5 ounce per acre. Allow at least 7 days between application and planting of cotton. In fields to be planted to field corn, grain sorghum, rice or soybeans, apply HARMONY® SG at 0.45 to 0.9 ounce per acre for control or partial control of the weeds listed on the EPA registered label. Include a nonionic surfactant, petroleum based crop oil concentrate, or vegetable-seed oil-based product (methylated seed oils are considered a vegetable seed-based oil).

- If another herbicide is tank mixed with HARMONY® SG to increase the broadleaf weed spectrum, select adjuvants based on the adjuvant limitations of the companion herbicide.

#### **SPRAY ADJUVANTS**

##### **Nonionic Surfactant (NIS)**

Apply at a rate (concentration) of 0.25-0.5% v/v (1-2 qt per 100 gal spray solution). Use the higher rate in hot and dry conditions to enhance control.

##### **Crop Oil Concentrate**

Under dry conditions or during cool weather, a petroleum based crop oil concentrate, or vegetable-seed oil-based product may be used in place of a nonionic surfactant at 1-2 gallon/100 gal of spray solution (1-2% v/v) to enhance weed control. Use a petroleum-based crop oil concentrate with at least 14% emulsifiers/surfactant and 80% oil.

##### **Ammonium Nitrogen Fertilizer**

An ammonium nitrogen fertilizer can be added to a surfactant or a crop oil concentrate to enhance control. Alternatively, a high-quality, sprayable grade of ammonium sulfate (21-0-0) may be used.

#### **IMPORTANT PRECAUTIONS**

Seedling disease, nematodes, cold weather, deep planting (more than 2"), excessive moisture, high salt concentration, and/or drought may weaken cotton seedlings and increase the possibility of crop injury. Cotton resumes normal growth once favorable growing conditions return.

## **RESTRICTIONS**

- This product is limited to ground application only in the State of New York. DO NOT apply by air in that state.
- DO NOT apply after planting sorghum or rice.
- DO NOT apply later than 7 days before planting cotton.
- DO NOT allow livestock to graze on, or feed forage, hay or straw from treated soybean fields.
- DO NOT make more than one pre-plant or at-planting application of HARMONY® SG to field corn, rice, sorghum, or soybeans per growing season.
- DO NOT apply more than 0.9 oz. of HARMONY® SG to rice or grain sorghum pre-plant or at-planting.
- DO NOT apply more than 0.9 oz. HARMONY® SG per acre per growing season to field corn or soybeans. Application(s) to these crops can be made pre-plant/at-planting, and/or postemergence. Refer to the EPA registered label for specific post-emergence use directions.

## **IMPORTANT**

### **BEFORE USING HARMONY® SG, READ AND FOLLOW ALL APPLICABLE DIRECTIONS, RESTRICTIONS AND PRECAUTIONS ON THE EPA-REGISTERED LABEL.**

This bulletin contains new or supplemental instructions for use of this product which do not appear on the EPA-registered package label. Follow the instructions carefully.

This labeling must be in the possession of the user at the time of pesticide application.

Read the Limitation of Warranty and Liability on the Section 3 Federal product label before buying or using THIS product. If terms are not acceptable, return the unopened package at once to Seller for full refund of purchase price paid. Otherwise, use by Buyer or any other User constitutes acceptance of the terms of the Limitation of Warranty and Liability on the Section 3 Federal product label.
