

## 2(ee) Recommendation

Use information in accordance with Section 2(ee) of FIFRA

### DUPONT™ EXIREL® INSECT CONTROL

EPA Reg. No. 352-859

## FOR CONTROL OF STRIPED CUCUMBER BEETLE IN CUCURBIT VEGETABLES (CROP GROUP 9) IN THE STATE OF NEW YORK

This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or approved by EPA.

### DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. For any requirements specific to your State or Tribe; consult the State or Tribal agency responsible for pesticide regulation. Do not apply this product in any way that will contact workers or other persons; either directly or through drift. Only protected handlers may be in the area during application. All applicable directions, restrictions and precautions on the EPA registered label must be followed. This recommendation must be in the possession of the user at the time of pesticide application. Read the label affixed to the container for DuPont™ Exirel® insect control before applying.

DuPont™ Exirel® insect control must be used only in accordance with directions in this bulletin or in separately published DuPont labeling.

### APPLICATION RATES, TIMING, METHOD AND PEST CONTROLLED

DuPont™ Exirel® insect control is recommended for control of striped cucumber beetle in cucurbit vegetables (crop group 9).

Apply DuPont™ Exirel® insect control at 20.5 fl. oz./A (0.133 lb. ai/A) as a foliar spray at the first sign of adult cucumber beetle activity using properly calibrated ground spray equipment. Monitor fields and make a second application, if adult cucumber beetles continue to reach threshold levels, 7 to 10 days after the initial DuPont™ Exirel® insect control application.

For best results, use an application volume capable of obtaining uniform and complete coverage of the crop.

Read and follow the Protection of Pollinators section of the federal label when using during bloom.

### SPRAY PREPARATION

**Acidification of spray tank:** If the pH of the spray tank after all products have been added and mixed is above pH 8, adjust to pH 8 or less using a registered acidifying agent. If the spray tank pH is 8 or less no adjustment is necessary. Spray tanks of pH 8 or less can be held up to 8 hours before spraying. Do not store the spray mixture overnight in the spray tank.

### RESTRICTIONS

Do not apply a total of more than 0.4 lbs ai/A of CYAZYPYR® or cyantraniliprole containing products per calendar year whether applications are made to the soil or foliarly.

For resistance management purposes, foliar applications of DuPont™ Exirel® insect control or any other Group 28 insecticide should be made only when no soil applications of a Group 28 insecticide have been used in the same crop for striped cucumber beetle.

The minimum retreatment interval is 5 days.

The PHI (pre-harvest interval) is 1 day.

The REI (re-entry interval) is 12 hours.

DuPont will not be responsible for losses or damages resulting from the use of this product in any manner not specifically instructed by DuPont. User assumes all risks associated with uses not specified by the label or DuPont 2(ee) instructions.

#### IMPORTANT NOTICE

**BEFORE BUYING OR USING DUPONT PRODUCT(S) COVERED BY THIS BULLETIN, READ THIS BULLETIN, AND THE LABELS FOR ALL PRODUCTS REFERENCED IN THIS BULLETIN, IN THEIR ENTIRETY. FOLLOW ALL APPLICABLE DIRECTIONS, RESTRICTIONS AND PRECAUTIONS.**

It is a violation of federal law to use this or any other pesticide product in a manner inconsistent with its labeling. This bulletin contains supplemental instructions for use of the referenced DuPont product. Follow these instructions carefully. This bulletin should be in the possession of the user at the time of application.

**Read the Limitation of Warranty and Liability on the Section 3 Federal product label before buying or using THIS product. If terms are not acceptable, return the unopened package at once to Seller for full refund of purchase price paid. Otherwise, use by Buyer or any other User constitutes acceptance of the terms of the Limitation of Warranty and Liability on the Section 3 Federal product label.**
