

- Do not treat more than 1/2 of the surface area of the pond at any one time. (See Environmental Hazards)
- Begin by treating from the shoreline, outward toward the middle of water body, to allow fish to move away from the treatment area towards the center of the water body.
- For best results, apply mid-morning, on a sunny, calm day.
- If targeting planktonic algae, evenly distribute the product spray stream around the entire pond, spraying the stream 10-15 feet out from the shore.
- If targeting filamentous algae mats or plant like algae, make sure to spray a coarse stream of this product directly onto the mats or into the water over the targeted algae. Be sure to spray this product to cover the entire surface of the algae mats. (When greater coverage is required for optimal efficacy, this product may be diluted up to a 50% product / 50% water solution to have enough spray solution to completely cover all of the algae mats)
- Apply undiluted product by surface spray application to heavily infested sites.

WHAT TYPE OF ALGAE DO I HAVE?

	Description	Appearance
Planktonic	Algae suspended throughout the water. Water appears to have an unusual coloration (green, blue, brown, red).	
Filamentous	Large mats of algae that are often present on the edge and surface, but can also cover the bottom of a pond.	
Plant-like	Erect algae attached to the bottom, growing up through the water column.	

WHEN, HOW, AND HOW MUCH PRODUCT DO I APPLY?

- Follow a proactive **Prevention Program** (See Table 2) to prevent problematic algae infestations from occurring, and improve overall water quality in your pond. With a PondMaster SeClear Algaecide and Water Quality Enhancer Prevention Program, you can keep your pond looking good by preventing an algae bloom before it starts, and improve water quality/clarity by tying up phosphorus and removing suspended particulates that are in the pond. By starting this program in early spring, you may be able to stop nuisance algae or poor water quality from even occurring.
- Follow a specific **Algae Treatment Program** (See Table 3) to quickly control nuisance algae in your pond. Multiple applications may be needed to get your pond looking clean if: 1) you have fast growing algae and/or 2) your algae infestation is very thick.

Application Timing (before algae appears)	Gallons of Product per acre foot	Application Method
Day 1: Initial Application	1 to 2 gallons	- Set spray nozzle to coarse spray - Pump up sprayer to high pressure
Day 30: 2 nd Application	1 to 2 gallons	- Direct product stream into pond, not exceeding 10 to 15 feet from shoreline
Day 60: 3 rd Application	1 to 2 gallons	- Spray evenly around pond edge

Continue applications on this schedule to maintain an algae free pond with remarkable clarity. If you start to see algae, switch to the Algae Treatment Program (See Table 3).

Application Timing (an algae infestation has already appeared)	Gallons of Product per acre foot	Application Method
Day 1: Initial Application	3 to 5 gallons	- Set spray nozzle to coarse spray - Pump up sprayer to high pressure For Planktonic algae Direct product stream into pond, not exceeding 10 to 15 feet from shoreline; Spray evenly around pond edge
Day 14: 2 nd Application	2 to 4 gallons	- For Planktonic algae Direct the spray stream onto the algae mats/beds, ensure to completely cover the beds with the product spray solution, and apply evenly around the pond edge
Day 28: 3 rd Application	2 to 4 gallons	- For Filamentous or plant-like algae Direct the spray stream onto the algae mats/beds, ensure to completely cover the beds with the product spray solution, and apply evenly around the pond edge
Day 60: 4 th Application	1 to 2 gallons	- Use the lower spray volumes for controlling planktonic algae - Use the higher spray volumes for controlling filamentous and plant-like algae - No need for product dilution when applying to control planktonic blooms - To entirely cover high levels of filamentous algae mats, this product may be diluted by as much as 50/50 with water to ensure enough spray volume to entirely cover all visible algae mats/beds - After the 3rd application, resume the Prevention Program

IF ANY OF THE CONTENT OF THIS LABEL IS NOT UNDERSTOOD, OR YOU NEED FURTHER ASSISTANCE, CONTACT A PBI/GORDON AQUATIC SPECIALIST, OR CALL 1-800-884-3179 WITH QUESTIONS SPECIFIC TO YOUR APPLICATION.

STORAGE AND DISPOSAL
Pesticide Storage: Keep from freezing. Store in original container only. Do not store near feed or foodstuffs. In case of leak or spill, use absorbent materials to contain liquids and dispose as waste.
Pesticide Disposal and Container Handling Non-Refillable Container. DO NOT reuse or refill this container. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

WARRANTY DISCLAIMER
PBI/Gordon Corporation warrants that this product conforms to the chemical description on the product label. Testing and research have also determined that this product is reasonably fit for the uses described on the product label. To the extent consistent with applicable law, PBI/Gordon Corporation makes no other express or implied warranty of fitness or merchantability nor any other express or implied warranty and any such warranties are expressly disclaimed.

MISUSE
Federal law prohibits the use of this product in a manner inconsistent with its label directions. To the extent consistent with applicable law, the buyer assumes responsibility for any adverse consequences if this product is not used according to its label directions. In no case shall PBI/Gordon Corporation be liable for any losses or damages resulting from the use, handling or application of this product in a manner inconsistent with its label.

TERMS AND CONDITIONS OF USE
If terms of the Warranty Disclaimer and Misuse provisions on the product label as well as the Inherent Risks of Use and Limitation of Remedies statements below are not acceptable, return unopened package at once to the seller for a full refund of purchase price paid. Otherwise, to the extent consistent with applicable law, use by the buyer or any other user constitutes acceptance of the terms under Warranty Disclaimer, Misuse, Inherent Risks of Use, and Limitation of Remedies.

INHERENT RISKS OF USE

It is impossible to eliminate all risks associated with use of this product. Plant injury, lack of performance, or other unintended consequences may result because of such factors as use of the product contrary to label instructions (including use under conditions noted on the label such as unfavorable temperatures, soil conditions, etc.), abnormal conditions (such as excessive rainfall, drought, tornadoes, hurricanes), the presence of other materials, the manner of application, or other factors, all of which are beyond the control of PBI/Gordon Corporation or the seller. To the extent consistent with applicable law, all such risks shall be assumed by the buyer and/or user of the product.

LIMITATION OF REMEDIES

To the extent consistent with applicable law, the exclusive remedy for losses or damages resulting from this product (including claims based on contract, negligence, strict liability, or other legal theories) shall be limited to, at PBI/Gordon Corporation's election, one of the following:

1. Refund of purchase price paid by buyer or user for product bought, or
2. Replacement of amount of product used.

To the extent consistent with applicable law, PBI/Gordon Corporation shall not be liable for losses or damages resulting from handling or use of this product unless PBI/Gordon Corporation is promptly notified of such losses or damages in writing. In no case shall PBI/Gordon Corporation be liable for consequential or incidental damages or losses.

The terms of the Warranty Disclaimer and Misuse provisions on the product label and these Terms and Conditions of Use, Inherent Risks of Use and Limitation of Remedies cannot be varied by any written or verbal statements or agreements. No employee or sales agent of PBI/Gordon Corporation or the seller is authorized to vary or exceed the terms of the Warranty Disclaimer and Misuse provisions on the product label and these Terms and Conditions of Use, Inherent Risks of Use and Limitation of Remedies in any manner.
