

# Droplex® Xtra

**CANOPY PENETRATING AGENT, DRIFT CONTROL AGENT, NONIONIC SURFACTANT,  
DEPOSITION AID and SPREADER/STICKER**

PRODUCT PROTECTED BY U.S. PATENT 5260260  
ADDITIONAL PATENT PENDING

**PRINCIPAL FUNCTIONING AGENTS:**

Modified vegetable oil, alkyl phenol ethoxylate, vegetable oil.....	95%
CONSTITUENTS INEFFECTIVE AS SPRAY ADJUVANT.....	5%
TOTAL.....	100%

Surfactant content 32%

All ingredients are exempt for the requirements of a tolerance in 40 CFR 180.

**KEEP OUT OF REACH OF CHILDREN**

## WARNING

Flammable liquid and vapor. May cause damage to central nervous system, kidneys and/or liver through prolonged or repeated exposure.

### PRECAUTIONARY STATEMENTS

Do not breathe mist or spray. Keep away from heat, sparks, open flames, hot surfaces. - No Smoking. Keep container tightly closed. Ground/Bond container and receiving equipment. Use explosion-proof electrical/ventilating/lighting equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Wear protective gloves, eye protection and face protection.

Store in a well-ventilated place. Keep cool. Store in original container only and keep sealed. Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. Contact your state and local ACRC recycler or visit the ACRC web page at [www.acrecycle.org](http://www.acrecycle.org). Decontaminated containers may also be disposed of in a sanitary landfill.

**IN CASE OF FIRE:** Use alcohol-resistant foam, universal foam, water spray or water fog to extinguish.

### FIRST AID

**IF ON SKIN (OR HAIR):** Take off immediately all contaminated clothing. Rinse skin immediately with plenty of water/shower for 15-20 minutes. Get medical attention if you feel unwell

FOR EMERGENCY, SPILL, LEAK, FIRE, EXPOSURE, OR ACCIDENT, CALL: CHEMTREC 1-800-424-9300

### GENERAL INFORMATION

Droplex® Xtra is a multipurpose spray adjuvant designed to maximize pesticide performance by improving deposition, increasing canopy penetration and reducing spray drift. In addition, Droplex® Xtra reduces surface tension of spray droplets to improve wetting of leaf surfaces and aid pesticide absorption by the leaves and foliage.

WA Reg. No. 1381-16001

**WINFIELD  
UNITED**

Droplex® Xtra does not adversely affect spray pattern like other drift control adjuvants even when using air assisted type nozzles. To maximize efficacy, use Droplex® Xtra in conjunction with proper: spray equipment, set-up, boom height, nozzle type, nozzle size and pressure. Good judgment, proper selection and use of spray equipment, and Droplex® Xtra can help professional applicators maximize pesticide performance.

## **DIRECTIONS FOR USE MIX WELL BEFORE USING**

Droplex® Xtra is labeled for turf, including golf courses, lawns, sports fields, etc., ornamental, vegetation management, aquatic and pest control applications. Prior to application to ornamentals, a test spray should be conducted to make sure there is no plant damage. This product has not been applied to all ornamentals and therefore safety on ornamentals cannot be guaranteed. Droplex® Xtra is not labeled for aquatic use in the state of Washington. In pest control uses, only labeled for use outdoors.

Prior to use, read all directions on this label. Always check pesticide label for specific crop use and application rates. Before mixing pesticides with Droplex® Xtra, conduct a jar test to determine compatibility.

**Rate: Droplex® Xtra should be applied at a rate of 16 to 32 fl oz per acre.**

### **MIXING**

Add Droplex® Xtra after pesticides or other adjuvants are added, but prior to complete filling of the spray tank.

Direct Injection: Droplex® Xtra can be applied through injection systems when it is added to one of the system's chemical injection tanks. An in-line mixing chamber is recommended.

- ✓ Step 1      Add Droplex® Xtra to the chemical injection tank.
- ✓ Step 2      Pump the correct amount of Droplex® Xtra into the line.
- ✓ Step 3      Pump the proper amount of water, pesticide, and other adjuvants into the line for mixing with Droplex® Xtra and chemicals before going into the spray boom.

Do not mix Droplex® Xtra with AirTech, Atmos, or Breeze in an induction system or container when all the products are undiluted. Once they are mixed in water, all the products are compatible in any mixing order.

### **Notice of Warranty**

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use. SELLER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, NOR IS ANY REPRESENTATIVE OF SELLER AUTHORIZED TO MAKE ANY SUCH WARRANTY OR MODIFY THESE TERMS. This warranty does not extend to the storage, handling or use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such storage, handling or use. Seller shall not be responsible for incidental or consequential damages, if any, resulting from a breach of warranty.
