Foliar Nutrient Solution

5-0-0

Guaranteed Analysis

Total Nitrogen (N)	5.0%
5.0% Urea nitrogen	
Boron (B)	3.3%
3.3% Water soluble boron	
Molybdenum (Mo)	0.5%
0.5% Water soluble molybdenum	

Derived from urea, boron ethanalamine and sodium molybdate. F76

General Information

MANNI-PLEX B MOLY is designed for application to all field, row, vegetable, fruit, tree and vine crops, and ornamentals for the prevention and correction of boron and molybdenum deficiencies when used as part of a balanced fertility program.

Rate Recommendations

Field, Row, Vegetable, Fruit, Tree and Vine Crops: Apply 1-3 pints per acre per application throughout the growing season. At least 3 applications are recommended. More frequent applications at 2 pints per acre may be needed to correct deficiencies once they occur. For pre-plant or sidedress applications, use 1-2 gallons per acre.

Ornamental Crops: Apply 1-3 pints per 100 gallons water. Cover foliage thoroughly to point of runoff.

Optimum rate of application will vary depending on soil properties (such as pH, organic matter content, texture), weather conditions, time of year, general crop health and crop species. For best results, follow soil test or plant analysis recommendation.

Mixing and Handling Instructions

Fill mix tank with half of required water volume and begin agitation. Add products in this order, mixing thoroughly after each addition: adjuvants, pesticides, then fertilizers. Fill tank with remainder of water and continue agitation until solution is completely mixed. Check chemical mixture compatibility using a jar test prior to application.

Net Contents: 2.5 gallons (9.46 liters)

Density: 9.7 lb/gal @ 68°F

Net Weight: 24.0 lb (10.9 kg)

Packaged: 2 x 2.5 gallons (2 x 9.46 liters)

ATTENTION: This product contains boron; use on any crops other than those recommended may result in serious injury to the crops. The application of fertilizing material containing molybdenum (Mo) may result in forage crops containing levels of molybdenum (Mo) which are toxic to ruminant animals.

Information regarding the contents and levels of metals in this product is available on the Internet at <http://www.aapfco.org/metals.html>

Information about the components of this lot of fertilizer may be obtained by writing to Brandt Consolidated, Inc. and giving the lot number which is found on the container or label.

WARNING: Causes serious eye irritation. Causes skin irritation. Suspected of damaging fertility or the unborn child. May cause an allergic skin reaction.

Precautionary Statements: Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Avoid breathing mist or vapor. Wear eye/face protection and protective gloves/clothing. Contaminated work clothing must not be allowed out of the workplace. Wash thoroughly after handling.

First Aid: *If in eyes:* Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. *If eye irritation persists,* get medical attention. *If on skin:* Wash with plenty of water. Take off contaminated clothing and wash before reuse. If skin irritation persists, get medical attention. If exposed or concerned, get medical attention. **Storage and Disposal:** Do not contaminate water, food or feed by storage or disposal. Keep out of reach of children. Store locked up. Dispose of contents/container in accordance with local regulations.
