

RydeRed™

A Colored Polymer

KEEP FROM FREEZING

GHS Pictograms

Hazard Statements

H319 – Causes serious eye irritation

Precautionary Statements – EU (§28, 1272/2008)

This product is not classified as hazardous based upon GHS and or CLP guidelines and as such is not expected to present health hazards under normal, safe operating conditions.

Safe operating conditions would include:

- Adhering to all personal protective equipment and clothing recommendations
 - Engineering or administrative controls
- Read entire SDS for additional information.

APPLICATION AND MIXING INSTRUCTIONS

1. Application equipment must be clean and free of previously used treatment residues before applying RydeRed™ colored polymer.
2. Shake well or agitate prior to use.
3. Always add colorant to water, not to seed treatment concentrate, unless adding a Ready to Apply (RTA) product that already contains required amount of water.
4. When mixing seed colorant with tank/mix partners; add 1/2 of the required amount of water, then add the seed colorant, mix for a minimum of 10 minutes, then add the tank mix partners and the remaining water into the mix tank. Maintain constant mechanical and agitation throughout the entire mixing and treating process.
5. Always check compatibility of all components that will be in the treatment slurry prior to large scale mixing.
6. Accurate calibration of the application equipment and frequent monitoring of this calibration are advised to insure proper seed coverage.
7. Environmental conditions such as temperature and humidity may have an effect on handling and during the drying of seed just after treatment.

| Crop | Product Use Rate Fluid ounces per 100 lbs of seed | Crop | Product Use Rate Fluid ounces per 100 lbs of seed |
|---------|---|------|---|
| soybean | 0.80 – 1.60 | | |
| wheat | 1.00 – 2.00 | | |

STORAGE AND DISPOSAL

1. PROHIBITIONS: Do not contaminate water, food or feed by storage or disposal. Do not reuse this container.
2. PESTICIDE DISPOSAL: Wastes resulting from use of this product may be disposed of on site or at an approved waste disposal facility.
3. CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by Federal, State and local authorities.
4. GENERAL: Do not contaminate water, food, or feed by storage or disposal. Do not reuse this container.

WARRANTY DISCLAIMER

Winfield Solutions, LLC warrants only that the chemical composition of this product conforms to the ingredient statement given on the label, and that the product is reasonably suited for the labeled use when applied according to the Directions for Use. SELLER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, NOR IS ANY REPRESENTATIVE OF SELLER AUTHORIZED TO MAKE ANY SUCH WARRANTY OR MODIFY THESE TERMS. This warranty does not extend to the storage, handling or use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such storage, handling or use. Seller shall not be responsible for incidental or consequential damages, if any, resulting from a breach of warranty.

The US Federal Seed Act specifies that treated seed must be colored to prevent it from entering the food or feedstuff markets, to avoid accidental consumption.

This product should not be applied to crops after harvest that are intended for food, feed crops or grain.
