

JetShield

Nonionic Spray Adjuvant

Principal Functioning Agents:

Polyether and polyether-polymethylsiloxane-copolymer.....100.0%

Constituents ineffective as spray adjuvants.....0.0%

Total 100.0%

*All ingredients are exempt from the requirements of a tolerance as specified in 40 CFR 180.1001©

**This product contains an organo-silicone surfactant

KEEP OUT OF REACH OF CHILDREN

CAUTION/PRECAUTION

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle.

(If you do not understand the label, find someone to explain it to you in detail.)

PRECAUTIONARY STATEMENTS

Always follow the precautionary statements of the label. Harmful if swallowed, inhaled or contact is made with the skin or eyes. May cause irritation to eyes, skin, lungs or stomach. Avoid contact with the skin, eyes and clothing. Avoid breathing vapor or spray mist. Avoid using product in a manner as to directly, or through drift, expose workers or other persons. Harmful to aquatic life with long lasting effects. Always consult the Safety Data Sheet for specific instructions.

Personal Protective Equipment (PPE): Always wear USDA accepted nitrile (certified Regulations No. CFR-20) or neoprene rubber gloves (Certified Regulation No. CFR-21), facial splash shield and protective garments.

FIRST AID

IF SWALLOWED: If person is conscious, immediately give large quantities of water and induce vomiting. UNLESS OTHERWISE LABELED ON PESTICIDE(S), do not induce vomiting or give fluids by mouth to an unconscious person. Seek medical attention immediately.

IF IN EYES: Immediately wash eyes with large amounts of water for at least 15 minutes, lifting the lower and upper lids. Seek medical attention IMMEDIATELY.

IF ON SKIN: Remove contaminated clothing and immediately wash contaminated area with large amounts of water for at least 15 minutes. If contact is made with the spray solution containing pesticides, follow the First Aid section on the pesticide label. Seek medical attention.

IF INHALED: Move person to fresh air and check to ensure adequate respiration. Seek medical attention immediately.

In case of medical emergency, call toll free 1-877-424-7452.

Applicators and other handlers should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove protective clothing and equipment after handling. Wash the outside of gloves before removing. Wash thoroughly and change into clean clothing.

STORAGE AND DISPOSAL

Keep container tightly closed. Store in original container only. Keep in secure and locked storage area. Do not add water to the contents of this container. Triple rinse container, empty rinse water into the spray tank. Dispose of the empty container in accordance with federal, state and local law.

GENERAL INFORMATION

JetShield is a surfactant based on organo-modified siloxane technology for use in water-based pesticide tank mixes. Careful observation of spray application is recommended to determine proper and efficient pesticide application. This will optimize the pesticide and surfactant load levels. Read precautionary statements carefully before use.

While JetShield has been proven to be a highly efficient surfactant, timing, weather conditions, methods of applications, crop conditions and/or mixture with other chemicals not specifically recommended are beyond the control of the seller. Therefore, the user should carefully observe spray deposits, rate efficiencies, compatibilities and effectiveness in initial applications and adjust the adjuvant rate accordingly.

DIRECTIONS FOR USE

READ ENTIRE LABEL BEFORE USING
SHAKE WELL BEFORE USING
NOT FOR AQUATIC USE
NOT RECOMMENDED FOR USE AS A FERTILIZER SUBSTITUTE
FOR NON-FOOD/NON-FEED USE ONLY

Pesticide manufacturers may recommend a rate of nonionic surfactant to be used with their product. Follow the pesticide or active ingredient label recommendations on the use of nonionic surfactants. However, if the pesticide or active ingredient label does not prohibit the use of a nonionic surfactant, JetShield should be applied at the rates listed below. Careful observation of spray performance in a trial application with combinations of chemicals to be applied is recommended to determine proper and efficient surfactant rates.

For use as an inert ingredient in combination with permitted active pesticide ingredients.

As a spray adjuvant for pesticides: (Herbicides, Fertilizers, Insecticides/Miticides, Fungicides, PGRS):

Turf (including but not limited to golf courses, commercial, residential, sports turf, sod farms, parks): Use at 6-16 fl oz per 100 gal. In backpack sprayers use at 0.06-0.16 fl oz per one gallon.

Ornamentals (including but not limited to greenhouses, nursery, landscapes, transplanted crops, trees): Special caution should be used when applying over ornamentals. Plant safety may be a concern and user should test appropriately to confirm acceptable safety. Use at 6-16 fl oz per 100 gal. In backpack sprayers use at 0.06-0.16 fl oz per one gallon.

Industrial (including but not limited to vegetation management, roadsides, railroads, range and pasture): Use at 6-16 fl oz per 100 gal. In backpack sprayers use at 0.06-0.16 fl oz per one gallon.

Pest Control: Use at 6-16 fl oz per 100 gal. In backpack sprayers use at 0.06-0.16 fl oz per one gallon.

Other Crops (including but not limited to herbs, vegetables, fruit, nuts, hops): Use at 6-16 fl oz per 100 gal. In backpack sprayers use at 0.06-0.16 fl oz per one gallon.

Mixing Instructions

1. Fill tank to 2/3 to 3/4 full of water. If foaming is anticipated, add an anti-foaming agent before pesticide and JetShield
2. Add pesticide as directed by pesticide label
3. Continue agitations
4. Add JetShield and continue filling tank while maintaining agitation.

Spray coverage and drift control:

To optimize spray coverage or deposition, and to reduce drift, include Droplex® adjuvant.

NOTICE OF WARRANTY

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use. SELLER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, NOR IS ANY REPRESENTATIVE OF SELLER AUTHORIZED TO MAKE ANY SUCH WARRANTY OR MODIFY THESE TERMS. This warranty does not extend to the storage, handling or use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such storage, handling or use. Seller shall not be responsible for incidental or consequential damages, if any, resulting from a breach of warranty.
