CORNBELT®
PERDURO™

SOIL & SPRAY DEPOSITION AGENT

SOIL RETENTION AID WITH DRIFT REDUCTION TECHNOLOGY

ACTIVE INGREDIENTS

Proprietary Blend of Mid-Cut Hydrocarbons,
Polyhedric Alcohol Ester, Polyoxyethylene, Fatty Acids 100%
TOTAL..... 100%

Note: Ingredients exempt from tolerances under 29CFR 1910.1200

WARNING

STOP – READ ENTIRE LABEL BEFORE USING
AND
KEEP OUT OF REACH OF CHILDREN

Van Diest Supply Company

HAZARD STATEMENTS

May be harmful if swallowed/inhaled/in contact with skin. Causes eye/skin irritation.

PRECAUTIONARY STATEMENTS

Wash thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves, eye protection and face protection.

FIRST AID

IF INHALED: Remove person to fresh air and keep comfortable for breathing. If breathing is difficult, remove victim to fresh air and keep at rest position comfortable for breathing. Get emergency medical help immediately.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do -continue rinsing. If eye irritation persists: Get medical help.

IF ON SKIN: Take off immediately all contaminated clothing. Immediately rinse with water for several minutes. Do NOT use solvents or thinners.

IF SWALLOWED: Get emergency medical help immediately. Do NOT induce vomiting.

Net Contents: 2.5 gallons

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE:

Store in tightly closed containers in dry, well ventilated area away from excessive heat and incompatibles. Store in original container. Do not allow water or other chemicals to be introduced into contents of container. Do not contaminate water sources with equipment washwater, spray disposal wastes or by cleaning of equipment. Do not store near feed or food products.

DISPOSAL:

Dispose of contents and container in accordance with federal, state, and local regulations.

GENERAL INFORMATION

CORNBELT® PERDURO™ is a specialized blend of surfactants and mid-cut hydrocarbons formulated to enhance spray deposition and support the performance of pesticides and/or fertilizers.

When used according to label directions, CORNBELT® PERDURO™ may be applied with compatible pesticide and/or fertilizer products in ground or aerial applications.

CORNBELT® PERDURO™ aids in the even distribution of soil applied ingredients throughout the germination zone. CORNBELT® PERDURO™ also promotes the adsorption of spray-applied ingredients to soil particles, helping maintain them within the intended application zone. This may reduce the potential for movement through the soil profile and help improve the availability and performance of compatible soil-applied products. These benefits may be particularly valuable in coarse-textured or sandy soils with low organic matter.

CORNBELT® PERDURO™ may also improve spray deposition by reducing droplet bounce, splash, and scattering on equipment and nontarget surfaces. When used with foliar-applied products, it may enhance spray retention and support the absorption of compatible pesticides and/or fertilizers by plant surfaces.

CORNBELT® PERDURO™ is compatible with commonly used agricultural spray nozzles when applied according to label directions and should not adversely affect nozzle spray patterns. Application results may vary depending on the pesticide or fertilizer used, crop, target pest, soil type, organic matter content, application equipment, spray volume, pressure, droplet size, weather conditions, and other factors. Select the appropriate use rate based on application conditions and carefully observe spray performance during application.

DIRECTIONS FOR USE

CORNBELT® PERDURO™ is intended for use with products registered for agricultural, horticultural, turf, ornamental, industrial, and non-crop uses.

WARNING: Read and follow all pesticide label directions. Do not use where the pesticide label specifically prohibits the use of an adjuvant. If the pesticide label neither recommends nor prohibits an adjuvant, the applicator must have previous experience with the adjuvant/pesticide spray mixture or should apply a small test area before making large scale applications. The addition of an adjuvant to spray mixtures may cause phytotoxicity to susceptible crop and vegetation.
USE RATE: In most cases, add CORNBELT® PERDURO™ at 1-2 pints per acre.
MIXING: Add CORNBELT® PERDURO™ as the last component of the spray tank mixture

CONDITIONS OF SALE AND WARRANTY

The directions for use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result beyond the control of Van Diest Supply Company or the Seller. All such risks shall be assumed by the Buyer. Van Diest Supply Company warrants that this product conforms to the chemical description on the label and is a reasonable fit for the purposes referred to in the Directions for Use, subject to the inherent risks referred to above. VAN DIEST SUPPLY COMPANY MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY OR ANY OTHER EXPRESS OR IMPLIED WARRANTY. IN NO CASE SHALL VAN DIEST SUPPLY COMPANY OR THE SELLER BE LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. Van Diest Supply Company and the seller offer this product, and the Buyer and User accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by agreement in writing signed by a duly authorized representative of Van Diest Supply Company. CORNBELT® and CORNBELT Logo® are Registered Trademarks of Van Diest Supply Company. PERDURO is a Registered Trademark of Van Diest Supply Company.
