<b>Active Ingredient:</b>	<b>By Wt.</b>
Carfentrazone-ethyl .....	22.3%
<b>Other Ingredients:</b> .....	<u>77.7%</u>
	100.0%

This product contains 2.0 pounds active ingredient per gallon.  
Contains Petroleum Distillates  
U.S. Patent No. 5,125,958

## **KEEP OUT OF REACH OF CHILDREN CAUTION**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**Read and follow all applicable precautionary statements, use directions and restrictions on the full Aim EC Herbicide label.**

**See Container Label for Statement of Practical Treatment and Other Precautionary Information.**

**All applicable directions, restrictions, Worker Protection Standard requirements and other precautions on the EPA-registered label are to be followed.**

## **PREPLANT BURNDOWN For Use In Peanuts**

Apply Aim EC alone or with other herbicides or liquid fertilizers as a burn-down treatment prior to planting or within 24 hours after planting of the crop Peanuts to control or suppress weeds. Aim EC may be used as a burndown treatment for previous crops prior to new plantings. Apply Aim EC at up to 2.0 fl. ozs.(0.031 pound active ingredient) per acre. Do not exceed the applicable amounts as listed for the specific crop in the MAXIMUM ALLOWABLE AIM EC USE TABLE found on page 4 of the section 3 label. For optimum performance, make applications to actively growing weeds up to 4 inches high or rosettes less than 3 inches across. **Coverage is essential for good control.** Optimum broad-spectrum control of annual and perennial weeds requires a tank mix with burndown herbicides.

**See Aim EC Herbicide Section 3 label for a list of weeds controlled and other requirements needed when using this product.**

Users must follow the most restrictive labeling regarding plant back restrictions, rotational guidelines, methods of application, and surfactant requirements of the tank mixture components.

**When tank mixing with fertilizer solutions, be sure to prepare an Aim EC premixture of Aim EC and clean water.**

For other specific mixing instructions, refer to the Mixing and Loading Instructions under the GENERAL INFORMATION section.
