PRODUCT INFORMATION

HIGH LOAD® MSO is a modified vegetable oil/surfactant blend that aids in penetration and spreading of the spray mixture through a plant's waxy cuticle.

HIGH LOAD MSO helps increase the effectiveness of many post-emergent herbicides. It is designed to be used at a reduced rate when compared to other methylated seed oil products. HIGH LOAD MSO allows for quicker absorption and uptake of the herbicide into the plant, including tough-to-control weed species.

HIGH LOAD MSO may be used when a pesticide label requires the addition of a methylated seed oil or a crop oil concentrate.

NOT FOR AQUATIC USE.

DIRECTIONS FOR USE

GENERAL WEED CONTROL: Use 4-32 fluid ounces of HIGH LOAD MSO per acre. Rates may vary due to the conditions in which the application is made. During periods of drought, extreme stress and/or high weed populations, the high end of the rate may be necessary

DO NOT ADD THIS PRODUCT AT A RATE WHICH EXCEEDS 5% OF THE FINISHED SPRAY VOLUME.

Always follow the adjuvant use recommendations as shown on the pesticide label. The pesticide manufacturer's label regarding specific usages and restrictions takes precedence over the directions for use shown on this label.

USE RESTRICTIONS

NOT FOR AQUATIC USE.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

STORAGE: Store in original container only and keep tightly sealed. Avoid storage below 32°F.

PRODUCT DISPOSAL: Dispose of contents in accordance with all government regulations. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of federal law. Wastes resulting from the use of this product may be disposed of onsite or at an approved waste disposal facility.

CONTAINER HANDLING: Dispose of container in accordance with all government regulations. Triple rinse (or equivalent), then offer for recycling, if available, or reconditioning, if appropriate. Alternatively, puncture and dispose of the container in a sanitary landfill or other procedures approved by state and local authorities. The ACRC (Agricultural Container Recycling Council) operates a national recycling program. To contact your state or local ACRC recycler, visit the ACRC web page at www.acrecycle.org.
