

Section 2(ee) Recommendation

Date: March 28, 2023

Product: Recognition® Herbicide (EPA Reg. No. 100-1658)
Plus
 Fusilade® II Turf and Ornamental Herbicide (EPA Reg. No. 100-1084)

Use: Tank Mix for Weed Control on Additional Pests In Zoysiagrass

State: AL, AR, AZ, CO, DE, FL, GA, HI, IL, IN, KS, KY, LA, MD, MO, MS, NC, NE, NJ, MN, NV, OH, OK, PA, SC, TN, UT, VA, WV

Directions for Use

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- This recommendation for use of this product is permitted under Section 2(ee) of FIFRA and has not been submitted to or been approved by EPA.
- The user should have this recommendation in its possession at the time of application of the product.
- Use of this product according to this bulletin has not been reviewed or endorsed by the Office of the Indiana State Chemist.
- The user must refer to the federally approved labels for the above noted product and read and follow all directions for use, restrictions, and precautions.

Recognition Herbicide can be tank mixed with Fusilade II Turf and Ornamental Herbicide and applied to Zoysiagrass to control bermudagrass and goosegrass. Apply Recognition and Fusilade II Turf and Ornamental Herbicide at the following rates:

	Recognition Herbicide Rate		Fusilade II Turf and Ornamental Herbicide Rate	
	Ounces per acre	Ounces per 1,000 sq. ft.	Ounces per acre	Ounces per 1,000 sq. ft.
Zoysiagrass	1.29-1.95	0.03 – 0.045	12-24	0.367 – 0.55

Repeat applications as needed on a 4- to 6-week interval to control re-growth of target weeds. For best results, add a non-ionic surfactant of at least 80% active to the spray solution at 0.25 to 0.5 % v/v ratio.

The combination of Recognition Herbicide and Fusilade II Turf and Ornamental Herbicide may result in reduced activity for the control of crabgrass and some other grass species.

Recognition Herbicide plus Fusilade II Turf and Ornamental Herbicide tank mix may cause unacceptable injury to desirable bermudagrass.

Fusilade II Turf and Ornamental Herbicide can be applied at 12-24 oz/A in a tank mix combination with Recognition Herbicide at 1.29-1.95 oz/A for control of bermudagrass and goosegrass in Zoysiagrass. Fusilade II Turf and Ornamental Herbicide applied alone at 12-24 oz/A may cause undesirable injury to Zoysiagrass.

Follow all other use directions, restrictions and precautions on the Recognition Herbicide and Fusilade II Turf and Ornamental Herbicide EPA-approved Section 3 labels.
