(If you do not understand the label, find someone to explain it to you in detail.)

This label valid until December 31, 2026 or until otherwise amended, withdrawn, canceled, or suspended.

DIRECTIONS FOR USE

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- This Section 24 (c) label and the EPA-registered HELMQUAT 3SL product label must be in possession of the user at the time of pesticide application.
- Follow all applicable directions, restrictions, and precautions on the EPA-registered label.

ALFALFA GROWN FOR SEED: For desiccation of alfalfa to facilitate seed harvest, apply a surface broadcast application with ground application equipment only.

Apply at 1.7- 2.7 pints per acre. Apply in a spray volume of 20-25 gallons/acre.

Add a nonionic surfactant containing 80% or more surface-active agent at 0.25% v/v (1 pint/100 gallons) of the finished spray.

RESTRICTIONS:

- DO NOT enter or allow worker entry during the restricted-entry interval (REI) of 48 hours.
- DO NOT make more than two application per year.
- DO NOT harvest until at least 4 days after application.
- DO NOT apply when weather conditions favor drift from treated area.
- DO NOT apply this product through any type of irrigation system.
- DO NOT cut current year's alfalfa seed crop for hay or forage.
- DO NOT graze current year's treated seed crop.
- DO NOT apply by ground equipment within 25 ft. or by air with 75 ft. of lakes, reservoirs, rivers, permanent streams, marshes or natural ponds, estuaries, and commercial fish ponds.
- For use only on fields in production of alfalfa seed. Not for use on fields producing alfalfa for livestock feed. No portion of the treated field, including seed, seed screenings, hay forage, or stubble may be used for human or animal feed. Screenings from alfalfa seed processing must be removed from the feed market.

PRECAUTION:

- Treated alfalfa seed is not to be used for sprouting. All alfalfa seed treated with Helmquat 3SL is to be tagged at processing plants, "NOT FOR HUMAN CONSUMPTION OR ANIMAL FEED". It is the grower's responsibility to notify the processing plants of any seed crop treated with Helmquat 3SL.
